

Chapter 140 of the AAW

Volume 7 Issue 04

April 2003

Presidents Message

I am pleased to report that there was an increase in the number of members who came out for the Saturday, March 22nd session at the Fire Hall. Two of our newest members, Sandra and Gordon worked with supervision from George Turton and Ken Goldspink on developing tool sharpening and turning skills. At the end of the session, Gordon had produced his very first bowl from a piece of cherry, while another club member, Phil Armstrong worked on producing a square rimmed bowl from a nice piece of zebra wood. Unfortunately while hollowing the bowl, Phil had one of those deadly catches,

which caused the foot to be damaged making it impossible to re-chuck it in order to repair it. In the words of Michael Hosaluk "this is not a disaster, rather, it is now a design possibility". The bowl can be saved and ultimately completely finished. By chucking the bowl in the jumbo jaws of the chuck, the damaged foot can be turned away leaving a flat surface. A contrasting piece of wood can then be glued on to re-turn a new foot. During this Saturday session, I also took the time to decant End Seal from our barrel into empty 4 litre jugs. If anyone requires Endseal at our next meeting, 4 litre jugs are now available at \$15.00 a jug. As suggested at our last meeting, I have prepared a list of tools we will require for a club tool kit. If anyone would like to donate any of these tools, the list is pinned on our notice board.

Please remember that Australian turner Jack de Vos will be with us on Saturday April 26th for a Full Day demonstration starting at 9.00am and finishing around 4.30pm. Jack will be sharing with us the various techniques and showing us the home made hollowing tools he has developed to create his superb hollow turnings. This should be a real learning experience for us all and I hope that you will all throw your support behind this club event. We will be joined for this workshop by a

number of members of the Thames Valley Club in London, Ontario. Let's give them a warm welcome and make them feel at home.

Plans for the Official Opening of the Fire Hall Facility in June are going well and information packages have been sent out to all of the Ontario Clubs informing them of the Lyle Jamieson Workshops.

I hope that before the official opening in June and with warmer weather coming, we can paint the walls in the Fire Hall up to the height of the blue paint. Once the walls are done we can then paint the floor. The woodcarvers group, have volunteered to assist us with this painting. Perhaps we can tackle this on several evenings and on those Saturdays we don't use the facility.

Members please note that your \$35.00 annual membership renewals are due as of 1st of January, please see Bert our Treasurer at the next meeting. Your memberships are our main source of revenue and allow us to bring in guest turners to demonstrate for us. Hope to see you all at our next meeting on Wednesday 16th April at 7.30pm. Yours in Turning,
Ken & Marilyn- Co-Presidents

Upcoming events

Jack de Vos Demonstration

For the demo Jack is intending to do either one of the two illustrated vases. He will be hollowing in the morning, and embellishing in the afternoon. He is hoping to use an Arbortech mini-grinder in his demo. If one is not available he will demonstrate how it is possible to do those pieces without one, putting it in the range of anyone who has a drill. The demo will be held at the:

Old Firehall Crafts Centre
Saturday April 26th 2003

09:00 – 4:30 pm

Cost: \$40.00

Letter from the editor

Dear Fellow Turners,

The newsletter will now be published eleven times a year. Please note there is a **new email address** for the GBWG. It is now gbwg1@yahoo.ca. A few more features will be gradually added such as a tips and projects section, interesting web sites and articles from various turners.

If you have suggestions on how the newsletter can be improved or anything that can be included in it please do not hesitate to contact me. I look forward to your comments and suggestions.

Yours in turning,
Lambert Hogenbirk

Surplus tools needed!!

If any of you have surplus turning tools of any kind at home or duplicate wood working tools, perhaps you might consider donating them to the club to build up a club tool kit The following is a wish list:

- Set of "T" Handle Allen Wrenches.
- Set of Wrenches (Open Ended & Ring Type).
- Set of Screw Drivers- Robertson and Phillips Types.
- Set of Pliers.
- Wall Thickness Calipers (Figure of 8 Type).
- Several Compass or divider sets.
- Several Flip-up Face Shields.
- Cheap set of carpenter chisels.
- Articulated Desk Lights such as the one we presently have mounted on a stand.
- A couple of extra stands for desk lights. (Made from a cement patio umbrella base,
- Some ABS plumbing pipe and turned wood connectors
- A couple of boxes of different sized screws.
- A set of drill bits

Alternate Saturday openings !!

Club facility is now available to the membership on alternate Saturdays at 10:00 am in each month. Everyone is encouraged to bring their tools and appropriate safety equipment with them so that they can work on a specific project or if you are new to turning, receive instruction from some of the more experienced members of the club. We have a good supply of wood, but if you have a favourite chunk of wood you wish to work on, please bring it along. Please observe normal safety precautions and wear appropriate safety equipment. If you are not familiar with any piece of equipment, please do not operate it until you have received proper instruction.

The schedule so far is as follows:

April: Saturday 12th

May: Saturday 24th

NOTE: SATURDAY USE OF THIS FACILITY WILL ONLY BE AVAILABLE TO MEMBERS OF THE GBWG WHO HAVE PAID THEIR DUES FOR THE CURRENT YEAR.

**END Seal for
sale
\$15.00 for 4
litres**

End seal is now available for purchase. Please bring any empty windshield washer containers you may have as we can certainly put them to good use by filling them up with end seal.

Working Bee!!

Volunteers Required

The floor and walls need to be painted prior to the grand opening to be held June 7-9th. There will be sign up sheet for the week of May 03rd - 10th. Any help would be deeply appreciated.
