| VICE-PRESIDENT | Peggy Wharrick |
| SECRETARY | Dieter Oettgen |
| TREASURER | Lynn Day |
| WEBMASTER | Carl Durance |

OTHER OFFICES

| | |
|-------------------|----------------|
| LIBRARIAN | Dave Plowright |
| NEWSLETTER EDITOR | Lynn Day |

Once again, Tom Wharrick has volunteered to demonstrate for us.

With Tom's easy going manner, members eagerly gathered around the lathe to watch Tom turn.

Tom also brought in several different types of tools used for hollow turning. Some are purchased and others can be made to suit your particular needs.

WELBECK WOOD SHOW

Thank you to everyone who has volunteered their time and knowledge to this years show! This is a great way to let the community know about our guild. It is also a lot of fun getting together other than for our regular meetings.

RAFFLE DRAW

Our Raffle Draw is the only means we have of bringing in extra money for our club. Everyone is great at joining in to purchase tickets each month. It is very important, however, that members remember to bring in something for the draw table. When you win one month, it is your responsibility to bring in something for the following months draw. We gladly accept not only wood pieces, but also turning supplies, information books or magazines that may be of interest to our members. Something you no longer find useful may be just the thing another member is looking for.

PROGRAMME COORDINATOR

Peggy has volunteered to act as our Contact Person in lieu of a Programme Coordinator. With a club our size it is sometimes difficult to fill all positions that may come up and as the executive take care of coordinating our meetings this is the logical course of action. Thank you Peggy for taking on this job.

Peggy has been contacted by Richard Pikul, President, WGO. They have a program planning team putting together an agenda for meetings and seminars for the next year and beyond.

There are many excellent and even world renown turners within Ontario and we would like to organize demonstration 'tours' by these turners to as many Ontario guilds as possible. We have initiated discussions with renown turners from other parts of the world to have them come to Ontario.

Arranging tours and seminars to include a group of interested guilds would be financially beneficial for the demonstrators as well as lowering costs for each guild.

Due to our membership size, funds are limited and do not allow us to bring in turners. Perhaps with this planning team in place, it may make it possible for our members to join with other clubs when a turner that interests you comes to the area. Peggy will keep us informed on any updates.

AUGUST MEETING SATURDAY THE 18TH

Another interesting demonstration planned for this meeting. Carl Durance will demonstrate how to turn a Kaleidoscope.

Come out and support our members who take the time to demo for us.

Magazines available at this meeting:

American Woodturner, Summer 2007 - two
Woodturning August 2007 - one
Woodturning September 2007 - five
Woodturning Design Fall 2007 - ten

WEB UPDATE

Carl has all the photos ready for the Web site. In order to put the work onto the site he needs a short write up about the members involved. If you have had pictures taken of your work for the Web site please bring your write up to the August meeting so Carl can complete this project. Some things you could include is how long you have been turning; beginner, advanced or professional turner; what type of turning you prefer or enjoy most; any other hobbies you may do along with turning. This information adds interest for the visitors to our site.
