## JUNE 21ST MEETING

We had a very short business meeting this month as we had a lot of work to do for the Southampton Art School.

Magazines have been returned to Woodchuckers along with payment for those purchased by our members. The Insurance has been paid for the upcoming year as well as the Rent for the rest of 2008.

You will find below, photos and write ups about this months meeting.

Terry Ross, Sales Manager, Ontario Region, has loaned us a Mini Lathe, Grinder and set of tools for use at the Welbeck Wood Expo.

## OPEN HOUSE

The Township has requested that we open our Club to the public on August 2nd 2008.

Anyone who would like to come out and help is welcome to do so. We will open the large doors and have members turning on our lathes. You are welcome to set up a table with your pieces for viewing or for sale.

## SOUTHAMPTON ART SCHOOL

This months meeting was used to get help from our members to prepare stock and supplies for the Adult and Children's turning classes in August.

There was wood to be cut up, papers to be collated and pen parts to be prepared. Thank you to all the members who helped out in this very large job. Thank you to Peggy, Tom and Carl for taking charge in getting all these projects completed.

## WEB SITE

I have just received my first order from [www.woodturningz.com](http://www.woodturningz.com). Everything arrived in good condition, the time line was good and prices are very reasonable. They deliver by using United States Postal Service which cuts out courier fees. Sometimes the post office will put on duty charges but this time I did not pay any. I like to generally buy Canadian and local if possible, but not when I save a substantial amount by using the internet.
