AUGUST MEETING

11 members joined us this month for our meeting.

We are lucky to have members who are willing to show us their techniques for turning and this month was no exception. Dieter Oettgen brought in his Lyle Jamieson Hollow Turning System. It was set up on the large machine and Dieter demonstrated how to handle his tools using this system.

Hollowing System on Lathe

Peggy Trying out this System

Tom Wharrick brought in other tools available for Hollow Turning.

Sometimes apparatus can be attached to the lathe to control your Hollow Turning; other times you can use specially curved tools to accomplish this task. Each person must decide which technique they will use but certainly the price of some of this equipment will help you decide which you choose.

HAPPY HOLLOW TURNING!!

PLOWING MATCH

Date: September 16-20th
Contact: Ron Stewart

Ron has finalized the arrangements for the Plowing Match.

The Club is purchasing the entrance tickets and Ron has ordered them for us.

If you will not be at the September meeting please get in touch with Ron to make sure he has all the information regarding the time schedule for this event. You will also have to confirm where to pick up your entrance passes.

Thank you to everyone who is able to help out for this event.

UPCOMING ELECTIONS

Elections will be held November 15th.

Members of the executive love doing there jobs but it is important for different members to do these jobs every couple of years. There is no one way to run our club and new ideas are always welcome. New executive are free to change how our meetings run and how they choose to prepare demonstrations. The outgoing executive are still members who are more than willing to help out without getting burned out.

The more members who contribute to each meeting the easier it is for the executive to keep the club lively and full of interest.

Please think about putting your name on the list of candidates for our 2009 Executive!

CHANGE OF DATE FOR SEPTEMBER MEETING

The meeting date for this month has been changed because many of our members will be working at the plowing match this particular week.

The date for this months meeting is:

SATURDAY, SEPTEMBER 13TH

UPCOMING EVENTS

Oct. 18th Paul Ross from Chalet Woodcrafts will be demonstrating for us.

Nov. 15th Elections / Programme not decided.

Possibly a demonstration and Show & Tell around A Christmas Theme would be fun and interesting for new members as well as the rest of us. Several members turning at the same time with other members circulating the room would work. Please bring ideas to the executive.

Dec. _____ Confirmed date will be made at Sept. meeting.

WOODTURNING MAGAZINE

The October "Woodturning" magazine will be available at the September meeting. It contains 10 essential ways to hold your work; Indexing your turnings; how to turn a unique multi-pointed box; ON TEST Wagner texturing tools, Diamond Abrasive discs and Eliminator hollowing tools. All this along with many more topics of interest.

PHOTOS FROM AUGUST MEETING

WOODTURNING SITE

www.turnwood.net

I found this site while looking for inside out turning. They have all kinds of project plans and techniques; Enhancements and non-turning techniques; along with woodturning tips and hazards. There is also Holiday turnings and Shop Projects.

Make your own Steady Rest

SHOW AND TELL / DRAW TABLE

We were unable to have a draw table this month because there were too few members present. Anything that has been brought in for the table and has not been won will be on the next time we have enough members to warrant having a draw.

Unfortunately there were not any articles for Show and Tell! I guess it is that time of year; with the beautiful weather we all have other things to occupy our time.
